FRUIT IN A BOTTLE

SINCE 1990

Since 1990, Mixer has been a pioneer in the development of shelf-stable fruit purees, which we package in our patented reusable barman friendly bottles. We began exporting in 2011 and today, we sell to over 50 export markets with our principal mission to remain focused on manufacturing and marketing premium ingredients studied to deliver full flavored fruit drinks all of which are manufactured in strict accordance with international quality standards ISO 9001 and FSSC 22000.

Mixer fruit purees save bar operators time and reduce wastage on perishable ingredients. Mixer products help you to lower your drink costs while upgrading quality with a puree high in fruit and fibre content. More fruit means reduced sugar content and acidity match to freshly picked fruit from the tree.

Our key target customers are F&B establishments, cocktail bars, coffee shops, restaurants, hotels, catering services, cruise liners, QSR accounts and an increasing number of online platforms. All Mixer production is in-house in our Northern Italian production facility where we wisely manufacture the fruit arriving from the best worldwide growing crops.

IMPROVING PRODUCTIVITY IN THE CATERING & HOSPITALITY INDUSTRY

To boost turnover every month, F&B outlets need to consider how to maximize the speed of service as well as minimizing wastage of time and product. Mixer products aim to help you find the right balance between serving quality drinks at the right price.

EXPERIENCE
IN MANUFACTURING
FRUIT PUREE
AND COCKTAIL MIXES

WHAT OUR CUSTOMERS SAY

When you open a bottle, it feels like cutting into a fresh fruit – the smell and the taste is all natural and almost overwhelming. Mixer created a real taste sensation with fantastic yield – just use a few ml for a cocktail, milkshake, smoothie, ice tea or any dessert to deliver absolute consistency with every serve.

SAME EXCELLENT QUALITY

- ★ ELIMINATION OF THE SLEEVE
- ★ LABELS IN FSC PAPER
- ★ PLASTIC REDUCTION IN THE BOTTLE AND POURER

ELIMINATION OF THE SLEEVE

The elimination of the sleeve allows a reduction of the plastic in the bottle and facilitates the disposal of the same.

REDUCTION OF BOTTLE WEIGHT

We intervened on the weight of the bottle and pourer, reducing as much as possible the use of plastic needed.

FSC CERTIFIED PAPER LABEL

FSC-certified forest is managed in an environmentally, socially and legally responsible manner.

Fasson® Apple Touch FSC®

A yellowish, uncoated mattwood-free printing paper with a smooth surface.

Made from 5% recycled apple stems, coming from apple juice production, and 95% FSC® certified pulp. Made from FSC® certified paper

FRUIT PUREE MIX

LIGHT

LESS SUGAR

FULL FRUIT FLAVOR

With the **new Light range** of our fruit purées, we have reduced sugar by 50% to further enhance the authentic taste of fruit. A more balanced product, ideal for modern cocktails that meet the latest mixology trends.

The new trend is focused on low-sugar and low-calorie drinks.

Mixer responds with a solution designed for bartenders: a product with **less sugar and fewer calories**, allowing greater control over drink balance and more room for customization. With **50% less sugar** than the classic range, it lets you create cocktails with a more **authentic taste**, where fruit takes center stage. The new formula ensures excellent workability without altering the fruit's aromatic profile. Moreover, thanks to the use of **natural flavors and colorings**, the **Light range** delivers an intense and natural flavor while maintaining the **quality** that sets Mixer apart. With Mixer **Light**, you have more freedom in crafting your cocktails, reducing sugar and calories without compromising balance or aromatic performance.

BAR MIXES

SWEET & SOUR
mix

SIMPLE
syrup

CANE SUGAR
syrup

Sweet & Sour Mix. Ready made premix in a handy speed bottle, obtained from the perfect balance of **lemon juice**, **sugar syrup** and **water**.

Simple syrup. Useful for making cocktails, cold or iced teas, slushes, fruit salads and shaken coffees, in almost all cold drinks where **granular sugar** would not easily dissolve in the drink.

Cane Sugar syrup. Has a rich and intense **cane sugar flavour**. The ideal sweetener for cocktails, long drinks, fruit salads, desserts, slush and ice cream. Also great in coffee and iced teas.

LEMON SOUR
dose for 1 liter
70 GR

Lemon & Lime JUICES are among the most commonly used cocktail ingredients in bars. We manufacture them with no added sugar in our handy glass bottles which are easy to fit with a metal pourer to increase speed of service and have a complete control over portions, reducing staff workload and fruit wastage to zero.

Lime CORDIAL is made with a careful blend of pure fruit juice with balanced sweetness to create refreshing beverages.

Lemon SOUR powder balanced with the right amount of lemon juice and egg albumin to make an attractive head which will remain until the last sip.

CHERRIES

Cocktail CHERRIES. Cherries with stem, preserved in syrup, ideal as a garnish for cocktails. The label has been completely redesigned to create a fresh and modern image.

Maraschino CHERRIES. Marasca is a variety of cherries that are sweet and bitter. After having extracted from the fruits both the kernel and the stem, a slow process of semi-candying begins. Then they are flavored with a delicious and dense Marasca syrup. Ideal as a decoration for cocktails and pastries.
